

# Inclusion Support Group

The University of Minnesota Morris, Student Counseling Office, would like to thank you for your interest in the Inclusion Support Group (ISG). The purpose of this group is to create a safe environment for group members to express and discuss complex personal, societal and other multicultural related issues in a confidential space. We live in an ever changing society, and it is of utmost importance that we are able to build a sense of community when talking through these complex issues with one another.

CONTACT BRIANCA SMITH-AUSTIN M.A.:
